

20

NOVEMBRE

2025

Ore 9.00 - 13.00

Sala Riunioni – Biblioteca Area Economica

WORKSHOP FINALE

Project TESSERE - Tematica 7

PURSuing SUSTAINABILITY THROugh CARBON EMISSION REDUCTION IN SUPPLY CHAINS OF AGRIFOOD ENTERPRISES AND RESIDENTIAL BUILDINGS (PRIVATE AND SOCIAL HOUSING)

09:00 – 09:30

Saluti istituzionali e introduzione al progetto TESSERE

Pasquale Di Biase, Direttore del Dipartimento di Economia

Luca Grilli, Responsabile Scientifico del progetto

Paola Valbonesi, Spoke 6 Leader, Università di Padova

09:30 – 11:00

Discussione dei Risultati e delle prospettive future di ricerca

- *Dissemination of Outputs from the TESSERE Project on Low-Carbon Policies and Sustainability Strategies in Supply Chains (Luca Grilli - Scientific Coordinator)*
- *Optimal Transport and Reinforcement Learning Algorithms (Francesco Colasanto - WP 3.2-3.3)*
- *Best techniques for optimization and Multi-criteria approach in supply chain (Gerarda Fattoruso - WP 3.1)*
- *Data collection and Survey (Marsia Cusenza - WP 2)*
- *The Life Cycle Assessment for calculating the Carbon Footprint of the agri-food companies in the province of Foggia (Carlo Russo - WP 2, 4)*
- *Ant Colony Optimization for solving Multi-Depot Capacitated Vehicle Routing Problem with Processing Facilities (MDCVRP-PF) for Agricultural Logistics (Giacinto Angelo Sgarro - WP 3.3)*
- *Software demo presentation (Carlo Russo)*

11:00 – 11:30

Coffé Break

11:30 – 12:45

Tavola rotonda: From Carbon Reduction to Resilience: Sustainability Strategies in the Agrifood Supply Chains of Southern Italy. Future perspectives

Giulio Mario Cappelletti, Luca Grilli, Lucia Maddalena, Giuseppe Martino Nicoletti, Domenico Santoro, CIA, Coldiretti, Copagri, Liberi Agricoltori, Ordine dei dottori Agronomi e Forestali Foggia, Oleificio Cericola Emilia, Rosso Gargano, Molino Campanaro.

12:45 – 13:00
